Timeline

Since oil paintings need additional time to dry I need approx. 3-6 weeks to complete your painting. You will receive several email proofs as the painting progresses.

Payment

A 50% deposit is needed to begin work on your portrait. The balance is due prior to shipping. Payments through Paypal or check are the best methods of payment.

Shipping

For all out-of-town orders, your painting will ship via USPS Priority Express. Shipping/insurance charges will be provided to you after painting specs are decided on. Overnight or Two Day shipping will cost extra.

Photos

Details and close-up photos are a must! I need at least one good quality digital photo (preferable) or 4"x6" print to help capture your pet's personality. The more prints the better as I love to really get a sense of who your pet is. If you have several photos and aren't sure which to use, send them to me and I'll help decide! Please see the Photo Tips link for extra help!

Have questions? Please call me—I'd love to talk to you about your pet!
